Final Challenge: Cryptic Hunt

Congratulations, wizard! You've come a long way. Your skills in reasoning and logic have brought you here. But to prove yourself worthy, you must solve the final puzzles. Follow the instructions carefully and send your answers to Vishwakarandak@gmail.com. Good luck!

Part 1: Aptitude Reasoning Puzzle

Harry, Hermione, and Ron participated in Vishwakarandak with three other students: Draco (Slytherin), Luna (Ravenclaw), and Cedric (Hufflepuff). Each house gained points as follows:

- Gryffindor: Twice the points of Slytherin.

- Slytherin: 50 fewer points than Ravenclaw.

- Hufflepuff: Half the points of Ravenclaw.

- Ravenclaw: Scored a prime number between 80 and 90.

Question 1: What are the total points scored by all houses combined?

Question 2: Divide the total points by the number of letters in Vishwakarandak.

Use this number in your final answer.

Part 2: Vishwakarandak Puzzle

A war is waged not with swords alone,

Departments rise to claim the throne.

Through sports, arts, and brains, they compete,

To win the prize, where all paths meet.

It's the cup we cherish, the pride we defend,

The name of the event-what's the legend?

Answer this riddle and include it in your email along with all the clues.
